

DRAFT ONLY- FINAL LETTER WITH FULL LIST OF SIGNATORIES TO BE SUBMITTED ON NOVEMBER 14, 2014-DRAFT ONLY-DRAFT ONLY

Docket No. EPA-HQ-OW- 2011-0880

Dear EPA Administrator McCarthy,

As a small business owner who relies on clean water, I urge you to finalize your rule to restore critical Clean Water Act protections to waterways nationwide.

From recreational business owners to restaurateurs, we all know that clean water is critical to our economy and the vitality of our communities. In addition, I personally depend on clean water for my business. The health of our iconic waterways and stewardship of America's water resources are integral to our economic success as well as our quality of life.

Shortsighted Supreme Court decisions opened up loopholes in the Clean Water Act, leaving the smaller waterways that feed into the larger rivers we love and the drinking water for 117 million Americans at risk of unchecked pollution. Our major waterways are only as clean as the streams and wetlands that feed into them, and more than half of streams across the country currently are inadequately protected.

To protect our waters, I urge you to move forward to finalize a rule to restore critical protections to all these waters under the Clean Water Act.

By restoring the Clean Water Act, your administration will help ensure that our communities are healthy and our local economies are strong.

I appreciate your commitment to protecting America's waterways, and I hope you will move swiftly to ensure they are protected for years to come.

Sincerely,

Texas	Brian Royo - No Label Brewing Co	Co-owner
